EV2-LID2

Evolutions™ FP—for automated food packaging with heat sealing capabilities

- Film sealable bases from 8-32 oz.
- Perfectly designed for automated equipment to fill, heat seal and close.
- One universal lid size for all bases reduces inventory while being easy and convenient.
- Superb clarity showcases product freshness and allows for easy viewing of a printable film seal through the over-cap lid.
- Perfect for cold, ready-to-eat deli foods including potato and pasta salads, salsas and dips as well as nuts, dried fruits and candy.
- Snap on over-cap lid design allows for ease of stacking, making merchandising easy and secure.

ecostar®
recycle | replastic | results

Evolutions™ FP is just one product in Placon's food packaging line containing EcoStar® food-grade recycled PETE with up to 100% post-consumer recycled content.
