

05-15-2012 – For Immediate Release
D&W Fine Pack acquires Clear Lam Packaging

Effective May 15, 2012 D&W Fine Pack has acquired the Thermoforming Division of Clear Lam Packaging, Inc. The large platform PLA / PET extrusion and manufacturing facility complements the D&W footprint across the nation as a leader in rigid plastic containers. Servicing the bakery, grocery processor, deli and produce segments, the Elk Grove Village, Vernon and China plants with annual sales of approximately 80 million, these facilities will blend with current D&W capabilities and continue to be in the forefront of inspired container design.

D&W Fine Pack is a customer-focused leader in the foodservice packaging industry, offering a broad range of packaging solutions including extensive materials expertise, industry innovation and a dedicated commitment to serving our customers' needs. D&W Fine Pack is part of Mid Oaks Investments formed by the mergers and acquisitions of the following well-established foodservice packaging manufacturers:

- Wilkinson Industries
- Dispoz Products
- C&M Fine Pack
- Tri-City Packaging
- CM Packaging Group
- Jet Plastica (assets)
- Clear Lam Thermoforming Division

D&W Fine Pack has headquarters in Elk Grove Village IL. and is ranked in the top ten Thermoformers in North America providing products to food service, distribution, processors, restaurants, and supermarkets in a variety of materials such as PET, aluminum, OPS, and PLA.
