BIODEGRADES.
SUSTAINS.**

The only container
that does it all with
renewable resources.

Introducing AgroResin® sustainable packaging, the most innovative, earth-friendly packages on the market. AgroResin® uses readily available renewable agricultural biomass fiber composites that would otherwise be discarded.

It's durable, microwaveable and moisture resistant. And unlike other similar packages, it's FDA approved for direct food contact.

Combining innovation and environmental concern. PWP has done it again.

Make us your partner in innovation.

Earth's Pack

AgroResin®
Bonding with Nature

AgroResin® Sustainable Packaging

Features / Benefits

- 100% degradable, 100% compostable (ASTM D6868)
- 100% non-GM agricultural biomass
- Material made of renewable agricultural biomass fiber
- FDA approved for DIRECT food contact
- Excellent use of natural fiber that would otherwise be discarded
- Reduces waste and energy and conserves natural resources
- Natural “earthy” brown look compliments your fresh foods
- Protects fresh produce due to its stiff and durable structure
- Gas permeable yet water resistant
- Lid embossing for promotional logo opportunities
- Free of pulp and wood, emissions and chemicals
- Microwaveable
- Automation capable due to its excellent de-nesting feature
- Compatible with flow-wrap and shrink-wrap systems
