

01-19-2009 – For Immediate Release

DANE PACKAGING INTERNATIONAL, INC. (dPi) Awarded the Commodore Plastics Line for Michigan and Indiana

Effective January 2009 Dane Packaging International will be representing the Commodore Plastics line in the states of Michigan and Indiana. Dane Packaging has established customers in these areas and the Commodore line is a great fit for their existing product lines.

Commodore is located in Bloomfield, NY and is the leading manufacturer of top quality foam products from school lunch trays to packaging for meat, poultry, seafood, fruit, produce and bakery. They specialize in various color trays for stock and custom applications to protect the product while enhancing the presentation.
