## DEFINITIONS

**SHIPPING WEIGHT:** All weights listed are approximate shipping weights.

**CUBIC MEASUREMENTS:** Cubic measurements are subject to change due to efficiencies improvements.

**CAPACITY:** All capacities listed are approximate fluid ounces.

### ALUMINUM RIM STYLES:

**FULL CURL:** This rim style provides added strength and can be used with plastic snap-on lids.

**HEMMED EDGE:** By crimping this rim's vertical flange over the cover, a tight seal is obtained using board lids or plastic domes lids. This rim style is similar to vertical raw edge except the edge is hemmed.

**FULL RAISED CURL:** Similar to the full curl rim style, this style gives the container a smooth finished appearance and can be used with plastic snap-on lids or foil lids.

**VERTICAL FULL CURL:** Similar to interrupted vertical full curl rim style, the vertical full curl does not feature raw corner edges. It can be used with board lids or plastic domes.

**VERTICAL RAW EDGE:** By crimping this rim's vertical flange over the cover, a tight seal is obtained using board lids or plastic domes.

**INTERRUPTED VERTICAL FULL CURL:** A combination of a curled flange on the straight sides with a vertical flange on the corners. This rim style can be used with board lids and plastic dome lids.

| CP       | Combo pack with foil container and board lid                   |
| DP       | Dome pack with foil container and plastic dome                 |
| FL       | Flat catering tray                                             |
| LS       | Lazy Susan catering tray                                       |
| PA       | Pre-assembled                                                  |
| *P (PET) | Polyethylene Terephthalate, plastic material used              |
| *N (PLA) | NatureWorks® PLA (polylactide), plastic material used          |
| S        | Small pack size                                                |

\*PLEASE NOTE: For ordering purposes, our Item Numbers for PET and PLA items include a 'P' at the end (FP03P) which means its made from PET, and 'N' at the end (FP03N) which means it is made from PLA.

For your convenience, a Materials column has been added in the plastic products section designating from which material each product is made. However, our popular OPS Item numbers HAVE NOT changed. When ordering OPS products, please do not add a letter such as "O" for OPS. The only time a designation is necessary is if the actual Item number includes N or P at the end.  
Thank you!

# Let your fresh foods shine through. . .

*For over 55 years, we've been here for you.* Look what we have done. Developed the first aluminum TV dinner tray for Swanson Foods. Set industry standards with our aluminum steamtables. Provided patented, tamper-evident plastic tubs and bowls. Offered you complete packaging – aluminum pans and plastic domes to cover them. Made sturdy locking plastic clamshells and much more. And, we're the one who first offered you all natural plastic containers made from corn.

Look to Wilkinson for innovation that sells your fine food products.

Here are Wilkinson's latest packaging products. One of the widest selections of plastic and aluminum containers the industry can offer. Perfect for your fresh-cuts, deli, bakery, quick serving, volume feeding, catering, entrées and your take out needs. And, we make packaging in four materials – OPS, PET, Aluminum, and PLA, nature's sustainable packaging, NaturesPLastic® made with NatureWorks® PLA.

Wilkinson packaging allows your '*fresh foods to shine through. . .*' Wilkinson containers *will* enhance your foods, giving you added value. If you don't find it here within these pages, call us for details about custom packaging.

If you're new to Wilkinson, try our packaging to discover what you've been missing – superior quality products, competitive pricing, friendly service and more choices of materials for you. For our returning customers, we can't wait to show you what's new with a guarantee to keep *your* customers coming back for more.

Thanks for the opportunity to show you Wilkinson's quality products.
