

**11-16-2006 - DANE PACKAGING INTERNATIONAL, INC. (dPI)** Announces the addition of **Flex Industries as their flexible packaging line**. Flex Industries, the largest flexible packaging supplier in India and has chosen dPI to represent their growing presence here in the United States. Flex has signed an agreement with dPI to represent them in the Midwest USA. dPI representatives toured the facilities of Flex Industries in Dehi, India as part of the qualification process.

Flex Industries is truly a vertically integrated supplier with separate divisions for manufacturing converting equipment, manufacturing printing inks, Cylinders, and film converting. **Flexible packaging includes a variety of structures from metalized films, laminates, holographic metalized gift wraps, and zipper pouches. Here are some photos taken from the recent visit to India:**

Cylinder polishing
